

Introduction

High-Tech Machine is looking to fill open machining capacity. Please take a few minutes of your time to review our online brochure. I would like the opportunity to speak with you and discuss our partnership manufacturing. I hope that you will allow me some time to discuss how we may meet your needs.

Our Vision

To become a leading provider of machine parts and sub assemblies to our customers in the manufacturing sector throughout the world.

Our Mission Statement

To build partnerships with customers to supply precision machine parts and assemblies with superior quality and on time delivery as contracted.

To create a positive working environment for its employees and treat everyone that comes in contact with High-Tech Machine with dignity and respect.

To be a role leader in the industry of precision manufacturing by investing in training and development of our people while working as a team.

To demonstrate corporate responsibility by properly recycling our used materials and waste.

Business Profile
